**EVOLVED**  
*Love is Back*

#### Product Specifications:

Category: Vibrator  
User: Women  
Material: ABS+Silicone  
Finish: PU coating  
Size: H:9.388 W:1.672 D: 1.635 inch  
Battery: 102040C Lithium polymer battery 3.7V 720mAH  
Voltage: 3.7V  
Number of Vibrations: 8 frequencies of vibration, 5 frequencies of peristalsis  
User time: The highest frequency works for 1 hour  
Sound Level: 55dba

#### CHARGING INSTRUCTIONS

This vibrator arrives partially charged, so it is recommended to fully charge before use. Connect the USB plug into the USB port of your computer or other output and the other end of the DC charger into toy's input. Initial charge will take about an hour, and subsequent charges will take about 3 hours to complete. The Blue LED light will flash while device is charging, and remain solid when toy is fully charged. There is no danger of battery damage by overcharging, but it's recommended not to overcharge for long periods of time. Charge lasts for about an hour and a half of play time on the lowest vibration level, and about an hour of play time on the highest level. Toy vibration slows before stopping completely when charge is fully depleted. This toy operates at a sound level of 55db and uses a 102040C Lithium polymer battery at 3.7V 720mAH.

#### INSTRUCTIONS FOR USE

Turn the toy on by pressing the bottom Power Button for at least 3 seconds. The light will illuminate and the toy will be in standby mode. Use the middle Wave Button to activate the wave motion by pressing it for 3 seconds to engage. Then press it again more quickly to cycle through 5 speeds of undulation. Turn off the wave motion by pressing this button again for at least 3 seconds. Use the top Function Button to activate shaft vibrations by pressing it for 3 seconds to engage. Then press it again more quickly to cycle through 8 vibration speeds and functions. Turn off vibrations by pressing this button for at least 3 seconds. Turn the toy off by pressing the Power Button for at least 3 seconds.
