

GP DATEX UNDERWIRED BRA

This classic bra made is made of Datex and has underwired cups. The extra seams, the elastic hem and the firm adjustable elastic neck strap ensure a good fitting. The black halter bra is closed with a clip at the back. Matches perfectly with a black skirt or an exciting open crotch short from the Guilty Pleasure Datex collection. Or create an extra kinky outfit by combining this bra with an open rear skirt.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
